ABOUT

Having shifted from a software development background to pursue my passion for art and fine art photography, I bring a unique blend of technical expertise and artistic flair to my work. I am a patient, hardworking, and creative individual, known for my unwavering focus and determination in completing tasks. With a strong belief in the power of visual storytelling and the ability of art to evoke emotions, I have actively participated in group exhibitions and published my own photography zine. I am excited to contribute my unique perspective and dedicated work ethic to any creative endeavor.
